2016 AAHS ASPN ASRM ANNUAL MEETINGS PRELIMINARY PROGRAM

Westin Kierland Hotel • Scottsdale, Arizona

January 13-16, 2016
American Association for Hand Surgery

January 15-17, 2016
American Society for Peripheral Nerve

January 16-19, 2016
American Society for Reconstructive Microsurgery

Jointly Provided by
AAHS  
American Association for Hand Surgery

Working together to advance global hand care and education, the AAHS represents a diverse but cohesive mixture of over 1,300 highly respected professionals working in all disciplines of hand surgery and hand therapy. Members include orthopedic surgeons, plastic surgeons, general surgeons, microsurgeons, hand therapists, nurses and basic scientists from the United States, Canada and many other countries. AAHS is an inclusive organization that welcomes members from many disciplines who are interested in upper extremity care.

If you are interested in becoming a member of the AAHS, please visit the registration desk at the Annual Meeting, or contact the AAHS Office at (978) 927-8330, contact@handsurgery.org or www.handsurgery.org.

ASPEN  
American Society for Peripheral Nerve

The American Society for Peripheral Nerve is an organization devoted to the promotion and development of peripheral nerve surgery. The purpose of ASPEN is to stimulate and encourage study and research in the field of neural regeneration, to provide a forum for the presentation of the latest research and relevant clinical information and to serve as a unifying authority on all areas of neural regeneration and restorative neuroscience. Join a growing society and contribute to the clinical and research development in the area of peripheral nerve surgery.

If you are interested in becoming a member of ASPEN, please visit the registration desk at the Annual Meeting or contact the ASPEN Office at (978) 927-8330, contact@peripheralnerve.org or www.peripheralnerve.org.

EDUCATIONAL PROGRAM DETAILS

Intended Audience
This educational activity is intended for healthcare professionals and researchers working in the fields of hand surgery, peripheral nerve and/or neural regeneration, and microneurovascular surgery and other complex reconstructions.

Overall Learning Objectives
Please refer to the meeting websites for complete objectives and educational program details.

- www.handsurgery.org
- www.peripheralnerve.org
- www.microsurg.org

ABMS Core Competencies
This program will address the following ACGME/ABMS Competencies:

- Patient Care and Procedural Skills
- Medical Knowledge
- Systems-Based Practice

ACCREDTATION INFORMATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Plastic Surgeons (ASPS), the American Association for Hand Surgery (AAHS), the American Society for Peripheral Nerve (ASPN), and the American Society for Reconstructive Microsurgery (ASRM). The ASPS is accredited by the ACCME to provide continuing medical education for physicians.

AAHS Designation Statement
