Exhibitors who participated in the 2024 meeting had the opportunity to select exhibit space for the 2025 meetings during the 2024 event. The AAHS, ASPN and ASRM uses a priority point system to assign each exhibiting company a priority exhibit space selection number. Your exhibit space selection number is based on your company's history of exhibit participation in the Joint Annual Meetings beginning in 2008, good standing in all three organizations, and the number of exhibit space units contracted since 2008. The priority point system consists of three (3) points provided annually (since 2008) for the first exhibit space contracted, and one (1) point for each additional exhibit space or unit contracted. Companies that have merged do not receive a total of the combined points of the companies that have merged, but rather the points of the company that has the most accumulated points.

After space selection has occurred, remaining space assignments will be given to companies in the order of their priority number or in the order in which applications are received. Following the October 1, 2024 deadline, exhibit assignments will be based upon availability. If space is filled by October 1, 2024, applications received will be placed on a waiting list and notified immediately. Exhibitors wishing to avoid assignment of space adjacent to a particular company must indicate this on their application. Careful consideration will be given to such requests.

AAHS/ASPN/ASRM reserves the right to alter the Exhibit Floor Plan at any time.

Installation

In order to accommodate exhibitors who wish to exhibit during certain conference days there will be two installation days. The first will be on Wednesday, January 15, 2025 and the second will be on Friday afternoon, January 17, 2025. The exhibit hall will be available for set-up from 1:00 p.m. – 5:00 p.m. on Wednesday, January 15, 2025. All exhibits must be set by 5:00 p.m. without exception. Those companies that wish to set up on Friday, January 17, 2025 will be able to set their displays from 3:30 pm –5:00 pm. Assembly of exhibits during regularly scheduled exhibit hours will not be permitted.

EXHIBIT SPACE AGREEMENT PAGE 2

AAHS ASPN and ASRM 2025 Annual Meetings | January 14 – 21, 2025 | Hilton Waikoloa Village, Big Island Hawaii

AAHS, ASPN and ASRM, and their authorized representatives are hereinafter referred to as "Show Management."

1. PAYMENT AND REFUNDS. Applications submitted prior to March 1, 2024 must have 50% payment once the confirmation is sent to you. The balance of the space rental charge will become due and payable on June 28, 2024. Applications submitted after June 28, 2024 must be accompanied by payment IN FULL once confirmation is sent to you.

If Show Management receives a written request for cancellation or downgrade of space on or before June 28, 2024, the exhibitor will be liable for a 25% processing fee. For cancellations or downgrades received after June 28, 2024, no refunds will be issued.

It is expressly agreed by the exhibitor that in the event he/she fails to pay the space rental at the times specified, or fails to comply with any other provisions contained in these rules and regulations concerning use of exhibit space, Show Management shall have the right to reassign the booth location shown on the face of the contract or to take possession of said space and lease same, or any part thereof, to such parties and upon such terms and conditions as it may deem proper. In the event of a default by the exhibitor, as set forth in the previous sentence, the exhibitor shall forfeit as liquidated damages, the amount paid for their space reservation, regardless of whether or not Show Management enters into a further lease for the space involved.

2. SPACE RENTAL AND ASSIGNMENT OF LOCATION. Whenever possible, space assignments will be made by Show Management in keeping with the preferences as to location requested by the exhibitor. SHOW MANAGEMENT, HOWEVER, RESERVES THE RIGHT TO MAKE THE FINAL DETERMINATION OF ALL SPACE ASSIGNMENTS IN THE BEST INTERESTS OF THE EXPOSITION.

3. USE OF SPACE, SUBLETTING OF SPACE. No exhibitor shall assign, sublet, or share the space allotted with another business or firm unless approval has been obtained in writing from Show Management. Exhibitors are not permitted to feature names or advertisements of non-exhibiting manufacturers, distributors or agents in the exhibitor's display, parent or subsidiary companies excepted.

Exhibitors must show only goods manufactured or dealt by them in the regular course of business. Should an article of non-exhibiting firm be required for operation or demonstration in an exhibitor's display, identification of such article shall be limited to the usual and regular nameplate, imprint or trademark under which same is sold in the general course of business. No firm or organization not assigned exhibit space will be permitted to solicit business within the Exhibit Areas.

4. EXHIBITOR'S AUTHORIZED REPRESENTATIVE. Each exhibitor must name one person to be the representative in connection with installation, operation and removal of the firm's exhibit. Such representative shall be authorized to enter into such service contracts as may be necessary and for which the exhibitor shall be responsible. The exhibitor shall assume responsibility for such representative being in attendance throughout all exposition periods; and this representative shall be responsible for keeping the exhibit neat, manned and orderly at all times. For their own safety and protection, children sixteen (16) years of age and under will not be admitted to the exhibit halls at any time unless they have written permission from Show Management.

5. INSTALLATION AND REMOVAL. Show Management reserves the right to fix the time for the installation of a booth prior to the Show opening and for its removal after the conclusion of the Show. Installation of all exhibits must be fully completed by the opening time of the exposition. Any space not claimed and occupied three hours prior to opening, may be resold or reassigned without refund. No exhibitor will be allowed to dismantle or repack any part of his exhibit until after the closing of the Show.

6. ARRANGEMENT OF EXHIBITS. Each exhibitor is provided access to an Official Exhibitor Kit. The Exhibitor Kit describes the type and arrangement of exhibit space and the standard equipment provided by Show Management for booth construction. All booth space must be arranged and constructed in accordance with the guidelines, provisions and limitations contained in the Exhibitor Kit. If, in the sole opinion of Show Management, any exhibit fails to conform to the Exhibitor Kit guidelines, or the provisions set forth herein, such exhibit will be prohibited from functioning at any time during the exposition.

7. EXHIBITS & PUBLIC POLICY. Each exhibitor is charged with knowledge of all laws, ordinances and regulations pertaining to health, fire prevention and public safety, while participating in this exposition. Compliance with such laws is mandatory for all exhibitors and the sole responsibility is that of the exhibitor. Show Management and service contractors have no responsibility pertaining to the compliance with laws as to public policy as far as individual exhibitor's space, materials and operation is concerned. Should an exhibitor have any questions as to the application of such laws, ordinances and regulations to his exhibit or display, Show Management will endeavor to answer them. All booth decorations must be flame-proofed. Electrical wiring must conform to the National Electrical Code Safety Rules. If inspection indicates any exhibitor has neglected to comply with these regulations, or otherwise incurs fire hazard, the right is reserved to cancel all or such part of his exhibit as may be irregular, and effect the removal of same at exhibitor's expense.

Exhibitors will not be permitted to store behind their booth background any excess material such as cardboard cartons, literature, etc. If unusual equipment or machinery is to be installed or if appliances that might come under fire codes are to be used the exhibitor should communicate with Show Management for information concerning facilities or regulations. Exhibitors must comply with City and State fire regulations.

8. STORAGE OF PACKING CRATES AND BOXES. Exhibitors will not be permitted to store packing crates and boxes in their booths during the exhibit period, but these, when properly marked, will be stored and returned to the booth by service contractors. It is the exhibitor's responsibility to mark and identify their crates. Crates not properly marked or identified may be destroyed. Show Management assumes no responsibility for the contents of crates or boxes improperly labeled as "empty". Because of the lack of storage facilities, it may be necessary to store empty crates and cartons outside the building. Every effort will be made to protect the crates from the elements, but neither Show Management nor its service contractors will assume any responsibility for damage to them. The removal and return of large crates that cannot be handled by hand trucks will be charged at prevailing rates. Crates, boxes, or other exhibit materials unclaimed by the exhibitor after the Show will be removed at the exhibitor's expense. Exhibitors will be billed by Show Contractors for removal time and materials at prevailing rates.

9. OPERATION OF DISPLAYS. Show Management reserves the right to restrict the operation of, or evict completely, any exhibit which, in its sole opinion, detracts from the general character of the exposition as a whole. This includes, but is not limited to, an exhibit which, because of noise, flashing lights, method of operation, or display of unsuitable material, are determined by Show Management to be objectionable to the successful conduct of the exposition as a whole. Use of

so-called "barkers" or "pitchmen" is strictly prohibited. All demonstrations or other promotional activities must be confined to the limits of the exhibit space. Sufficient space must be provided within the exhibit space for the comfort and safety of persons watching demonstrations and other promotional activities. Each exhibitor is responsible for keeping the aisles near its exhibit space free of congestion caused by demonstrations or other promotions.

Direct Sales. No retail sales are permitted within the exhibit area at any time, but orders may be taken for future delivery.

Contests, Drawings & Lotteries. All unusual promotional activities must be approved in writing by Show Management no later than 60 days prior to the opening of the exposition.

Distribution of circulars may be made only within the space assigned to the exhibitor distributing such materials. No advertising circulars, catalogs, folders, or devices shall be distributed by exhibitors in the aisles, meeting rooms, registration areas, lounges, or grounds of the host facility. Operators of noisemaking exhibits must secure approval of operating methods before the exhibit opens.

10. SOCIAL ACTIVITIES. Exhibitor agrees to not hold hospitality suites/rooms or other functions during official show activities, including exhibit hours, social functions, educational seminars and any other related activity scheduled by Show Management, unless authorized by Show Management.
